Targeted e-blasts

Cardiovascular News offers targeted e-blasts to companies and conference organisers.

- E-blasts can target a database of over 7,500 specialists.
- These communications can be sent to the whole database or be targeted by country.

£800

per 1,000 email addresses

Educational supplements

Cardiovascular News publishes educational supplements on topics of interest to cardiovascular specialists.

- Sponsoring a supplement offers a unique opportunity for you to broadcast your company's core message to your target audience with an educational focus.
- The content can be based on the company's profile, a new product, drug or medical device.
- Supplements are inserted in Cardiovascular News, reaching the entire readership or selected countries.

Cost: £15,000

Advertorials

Cardiovascular News publishes advertorial articles which are designed as legitimate news articles and published under the word "Advertorial".

- The content of an advertorial can be either produced by the Cardiovascular News team or provided by the client - in this case it would be edited to match the newspaper style.

Cost: £5,000

CN app

The CN app carries the latest news in the cardiovascular world, as well as conference information and coverage. It has been downloaded by over 9,300 users. The CN app is available for iPhone, iPad and Android devices. Exclusive sponsorship package available.
